

## RAILROAD NEWS

WOMAN CEASED TO  
BE AGENT BEFORE  
SHE SHOT

Santa Fe Disclaims Responsibility for Act of Alleged Insane Woman at Ricardo; Cut-off Open March 1.

WINSLOW ROUND HOUSE  
TO BE TORN DOWN

[Special Correspondence to the Herald]  
Roswell, N. M., Feb. 19.—The Santa Fe railroad had no notice that Mrs. Carley, operator at its station at Ricardo, N. M., was crazy; and she was released from her position some hours before she is alleged to have shot and wounded Miss June Zimmerman, on September 27, is the defense by the railroad company in the \$20,000 damage suit brought by Miss Zimmerman in the district court. It is also set forth that at the hour of the alleged shooting the woman should not have been on duty, under the nine-hour law. The defense also produced witnesses to show that up to the day of the shooting Mrs. Carley had showed no traces of insanity.

The shooting is said to have occurred at 1 p. m. and the company sets up that the woman was released from her official capacity at 12:30. The defense also had witnesses to testify that the gun used in the tragedy was not the property of the railroad company, but belonged to her husband, and that they did not know of the existence of the weapon in the office.

Several railroad officials were present and put on the stand, chief among them being Supt. J. E. McMahon of Clovis.

The cases of the Santa Fe against the counties of Eddy and Chaves will be up in court next.

24 HOURS WILL BE  
LOPPED OFF SCHEDULE

About 24 hours will be lopped off the running schedules of Santa Fe freights between Galveston and the coast on March 1, when the new Texico-Lubbock cut-off from the west side of New Mexico to a point in Texas is opened to a new through service. Gulf points will be placed 100 miles closer to the coast as a result.

Announcement of the completion of the new route was made in Santa Fe offices yesterday.

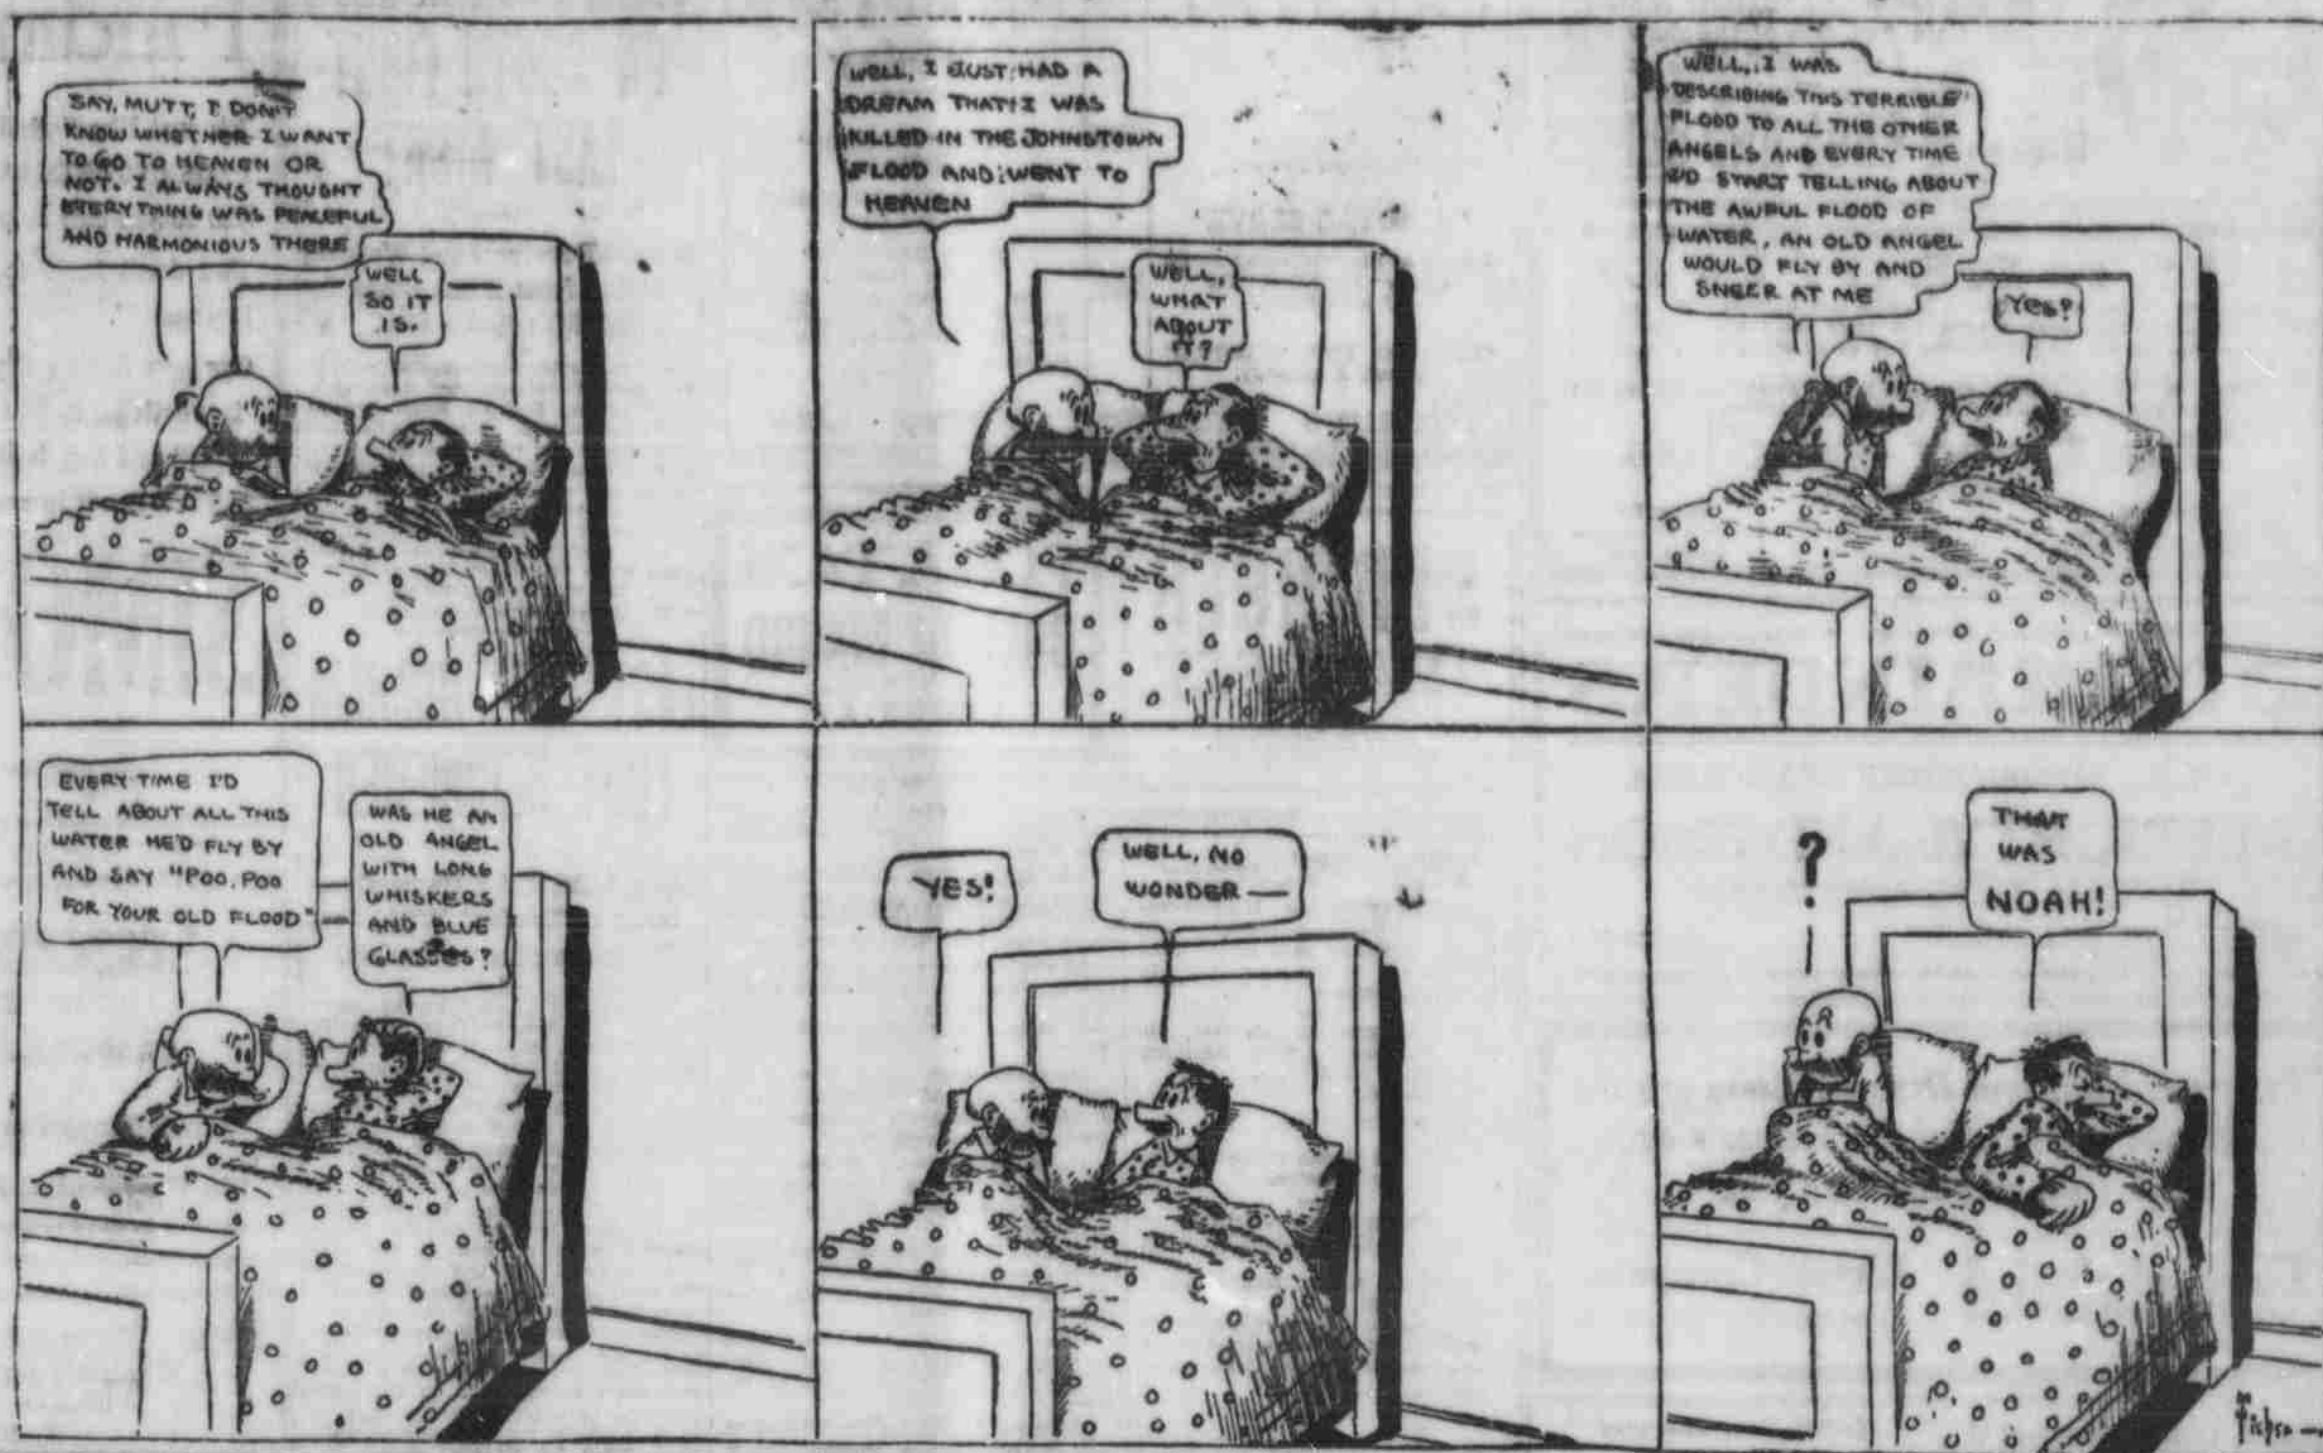

At present the Santa Fe offers a combination of local services from Galveston and Gulf points which affords hardly a semblance of competition with the Southern Pacific and its Texas subsidiary lines, the Galveston, Harrisburg & San Antonio and the Texas & New Orleans.

The opening of the cut-off will place the Santa Fe not only in a position to handle business heretofore exclusively Southern Pacific, but will provide for the future establishment of passenger service.

WINSLOW ROUNDHOUSE  
TO BE TORN DOWN

Winslow, Ariz., Feb. 19.—M. J. Widenhurst, foreman of the Santa Fe wrecking gang, with his entire force, arrived in town on the local from the Grand Canyon, where they have been for the past two months installing the boilers in the power

## Jeff Has His Troubles Even While He Sleeps

By "Bud" Fisher.

plant. The gang will begin to tear the old roundhouse down and if all reports are true there won't be enough left of the former boiler rooms and stacks to make a showing. The boilers will be moved up to the new roundhouse, cribbed and kept in stock, ready when they are needed, while the stacks will be shipped out on the line where they can be used.

## New Office Building.

A report is current that a large force of men will soon be put to work tearing down the brick walls and that the bricks will be used in the construction of a new five-story office building which will be used by a large clerical force which the Santa Fe maintains here all the time, thus having all the offices under the same roof which will save time and labor, but how soon this office building will be erected is not authoritatively known, but is supposed to be built some time this spring. However, when it is built it will be one of the newest buildings between Albuquerque and Los Angeles.

ELK PRESERVE FOR  
SANTA FE CANYON

Game Warden Addresses Business Men on Project of Locating Montana Animals Near Capital; Santa Fe Notes.

Santa Fe, N. M., Feb. 19.—An elk preserve for Santa Fe canyon near this city is the project which Game Warden Bacon is urging on the local business men, having addressed the Chamber of Commerce on the subject. It is expected that the fifty elk to be shipped from Montana to New Mexico by the government will be corralled and sent on their way soon, as the weather is continuing so inclement in Montana that it is desired to get the animals to a warmer climate as soon as possible.

To Dismiss Tax Cases. Two of the Chaves and two of the Eddy county tax cases which have been appealed to the state supreme court by the attorney general will be dismissed in a few days and judgment vacated in the lower court, dissolving the injunction which has tied up the assessment books and tax collections in those two counties. The only case that will be carried through on appeal will be that from Chaves county, involving the assessment of bank stock.

Governor McDonald is back from Washington, where he went on matters connected with the agitation for the continuation of drift fences on the New Mexico range.

Teachers' Certificates. The following teachers' certificates have been granted:

Third grade: J. M. Lobato, Raton; Tonita Martinez, Arroyo Hondo; Fernando Myer, Jr., Questa; Equipulpo Montoya, Abiquiu; D. Trujillo, Ojo Caliente; Guadalupe Trujillo, Youngsville.

Second grade: Jeanette Effer, Pecos; Roscoe Wyckoff, Shuman; Gladys Organ, Ocarro.

First grade: Everett Hopper, Virgil; Louise Wells, East Las Vegas; Harold Hawk, Arroyo Seco; Elizabeth Corn, East Las Vegas.

Taxes collected to date are as follows: Guadalupe county: 1913, \$36,558.22; Eddy county: 1913 and prior, \$573.40; 1911, \$447.82; 1912, \$1,144.33.

Rio Arriba: 1912, \$378.11; 1913, \$22,772.16.

A transcript in the case of Josefa G. de Sedillo vs. the A. T. & S. F., for \$5,000 damages, was sent to the circuit court of appeals at St. Louis today.

COLORADO-TO-GULF  
HIGHWAY SIGNPOSTED  
ALL THE WAY ALONG

Trinidad, Colo., Feb. 19.—The Colorado-to-Gulf highway will soon be signposted from Denver to Galveston. The signs to be used in marking the road were ordered several months ago, but because of the number, it has taken the factory some time to manufacture them. In a letter to the local officers of the association, A. W. Read, central secretary of the association, states that the signs for the Rocky mountain division have been shipped

and requests that they be placed at once.

The signs are of enameled steel, oval in shape, 24 inches long and ten inches wide. On the face of the sign is an arrow pointing the way of the road and the words, "Colorado to Gulf." The sign is done in three colors. The signs will be placed every five miles along the highway from Galveston to Denver. They are not intended as mile posts, but as official road signs to remind the tourist every few minutes, as he speeds along the way, that he is traveling on the Colorado-to-the-Gulf highway. The signs will also be placed at the forks, that the tourist may not take the wrong road.

It is the intention of the committee who have the making of the signs in hand, to put all of the signs up in uniform manner.

They will be securely bolted to a post two feet and ten inches above the ground. This will prevent them being rubbed down by shock and as they are pressed steel they will not make good targets for vandals and small boys with rifles.

Arrangements are being made to place the signs on the New Mexico state line to the Huachuca county line, as soon as they are received.

SANTA FE VICE PRESIDENT  
HERE LAST NIGHT

Vice President W. E. Storey of the Santa Fe, in charge of the department of operation, Edward Engle, assistant to President Hipley; General Manager Fred C. Fox, General Superintendent Bristol, and Division Superintendents Summers, Myers and Tuttle formed a group of Santa Fe officials who were in Albuquerque last night. Mr. Storey, Mr. Fox and Mr. Bristol have just completed an inspection trip over the New Mexico state line to the Huachuca county line, as soon as they are received.

Mr. Storey, Mr. Fox and Mr. Bristol have just completed an inspection trip over the New Mexico state line to the Huachuca county line, as soon as they are received.

Phone 398.

PROPERTY FOR SALE.  
Account of leaving the city I will sell the following:  
My residence at 214 North Eleventh street, near Tijeras avenue. This is a beautiful modern bungalow of five rooms, large sleeping porch; all built in convenience; maple floors throughout; two fireplaces; furnace heat; garage; lot 50x142.  
Also 5-room modern brick at 1004 Forrester avenue. Glassed-in sleeping porch; fine grounds; trees; lot 50x142. House in fine shape. Nice surroundings.  
Also unimproved lots on the Circle in Luna park.  
Right prices and terms will be given on any of the above, as I am soon leaving the city and want to sell.  
ED FRANK, Phone 579.

Harder Still.  
Senator Sheppard was talking about a pathetic figure in Texarkana, an old merchant who, after attaining a position of eminence, now saw his trade slowly deserting him for younger and more daring rivals.

"Poor old Hank is a pathetic figure," said Senator Sheppard. "He shows us that hard as it is to climb up in the world, it is harder still to climb down."

THE  
AMERICAN  
ADDING  
MACHINE  
The Latest Adder  
COSTS BUT \$35  
Ask for Demonstration

Here is a new price on a competent adder. On a machine that is rapid, full-size and infallible.

The very latest machine, built by men who know, in one of the largest metal-working shops.

It is an individual adder, to be placed on one's desk, close to one's books and papers. To take the place of the central machine requiring skilled operators.

It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous output.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract and multiply. With very slight practice anyone can compute a hundred figures a minute and the machine never makes mistakes.

Countless offices, large and small, are getting from these machines the highest class of service.

AMERICAN CAN COMPANY, CHICAGO

Sold in New Mexico by W. K. CONLEY, P. O. BOX 351  
Albuquerque, New Mexico.

put. Seven keys do all the work. Now we make this offer so that offices everywhere may learn what this machine means to them.

TEN DAYS TEST  
We will gladly place in any office one American Adder for a ten days' test.

There will be no obligation, and charges.

Compare it with any non-lister—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

Please send us an American Adding Machine for ten days' free trial.
